

Cal/OSHA Aerosol Transmissible Disease Advisory Meeting

Thursday December 8, 2005

1515 Clay St., Room 2

Oakland CA

Below is the agenda for this meeting. The times are approximate. The first portion is meant to get input from all interested parties on the draft standard. Following the general discussions, there will be short discussions for specific sectors outside of the hospital environment. We hope that all participants can attend the whole meeting, as previous meetings have revealed issues that will require the cooperation of various types of employers to resolve.

Agenda

- 9:30 Introduction and background
- 10:00 Respirator issues
- 10:30 Scope and definitions
- 11:30 Discussion of other sections of draft standard
- noon lunch
- 1:00 Further discussion of draft standard
- 2:30 Homeless shelters, paramedics, home health, long-term care, and other community based services
- 3:00 Law enforcement and corrections
- 3:30 Laboratories
- 3:50 Conclusion, next steps
